# ASURAMBA CHARITY DRIVE

**COLLECTION OF DONATIONS TO  
ASSIST THE ASURAMBA CARE CENTER**

## Background

Asuramba Care Center was established in 2004 following a volcanic eruption at Manam Island in Madang Province.

During the volcanic eruption the Manam Islanders were relocated to Asuramba Care Center and they have been living there now for almost 20 years.

After a field trip to Asuramba Care Center, the Environmental Health Year 3 students of Divine Word University identified some challenges and have taken the initiative to host this Charity Drive to support the Internal Displaced People (IDPs).
